### **Hezbollah fires missile at Tel Aviv after heavy Israeli strikes on Lebanon**

September 25, 2024 3:23 AM ET

By The Associated Press

Hezbollah launched a ballistic missile at Tel Aviv early Wednesday, in a further escalation after Israel carried out strikes on Lebanon that killed hundreds of people and the militants fired rockets across wider areas of northern Israel.

The Israeli military said it intercepted the surface-to-surface missile, which set off air raid sirens in Tel Aviv and across central Israel, and there were no reports of casualties or damage. The military said it struck the site in southern Lebanon from which the projectile was launched.

Hezbollah said it fired a Qader 1 ballistic missile targeting the [hq of Mossad, the home of murderous Israeli terrorists under the direction of Netanyahu and the far-right Likud. (fixed)]

Far worse. Donald Trump's popularity may be attributed to his perceived lack of intellectual depth, which resonates with individuals who share similar traits. Many of his supporters find validation in his rhetoric, particularly those harboring prejudiced views, as they see their biases reflected and justified in his actions. This creates a cycle of mutual admiration and reinforcement, where ignorance and bigotry are not only accepted but celebrated.

Happy Fall is inspired by the love of an often-overlooked entertainment, the live stunt show, a true inspiration growing up in Los Angeles as a kid. The production explores a coming out story as so many members of the Rogue community identify as part of the LGBTQIA+ community and it was during an Ensemble meeting where the idea to collide these two disparate forms occurred – stunt show and a coming out story – what is more Rogue than that?

*Jack Pullman, at right., co-manipulates a macho puppet*

Created by a team of Rogue ensemble members (Sean Cawelti, Kelsey Kato, Jack Pullman, Emory Royston, and Brian White), the puppets capture the hyper-masculine action figures from the 1980's, created at a time when stunts were king. The oversized action figures are cast out of expanding polyurethane foam, which allows them to be eerily human. The small puppets are manipulated with tiny wires, while the larger puppets move through several rods and a mechanized head which requires three puppeteers to bring to life.

**-----oh look, the negro cis gender man is an adulterer:**

In May 2020, Horsford acknowledged an extramarital affair with Gabriela Linder, a former intern of Senator Harry Reid. Linder, 15 years younger than Horsford, said the relationship lasted from 2009, when she was a 21-year-old college student and he was majority leader in the Nevada state senate, until April 2020. It was sexual, she said, only from 2009 to 2010 and 2017 to 2019. Linder said that Horsford "offered her financial support, introduced her to political connections and filmed a segment for her young son's YouTube show using his congressional staff." [66]

Hurricane Helene is rapidly intensifying as it approaches the Gulf Coast, expected to make landfall as a Category 4 storm in Florida's Big Bend region. Governors in five states have declared emergencies, and "catastrophic and unsurvivable" storm surges are predicted. Residents are urged to complete preparations as the storm threatens widespread destruction and flooding.

### **Flooding is already occurring in St. Petersburg**

By Carl Lisciandrello

Posted 2 hours ago

<https://www.wusf.org/live-updates/helene>

St. Petersburg officials say are already seeing flooding that is expected to continue until 11 p.m. in parts of Shore Acres.

The greater Tampa Bay region is now under a tornado watch until Thursday at 8 p.m.

NHC downgrades Helene's potential to a Cat 3 (posted at 5 AM 9/26/24)

On Wednesday, the National Hurricane Center projected Hurricane Helene to reach Category 4 strength with maximum sustained winds at 130 mph.

But in its 5 a.m. forecast discussion Thursday, it said Helene will top out as a Category 3 storm with maximum sustained winds at 115 mph.

It's still forecast to produce life-threatening storm surge as it makes landfall in the Big Bend region Thursday night or Friday morning.

TECO has secured around 3,500 workers, including line crews and tree trimmers, from as far away as Colorado and Connecticut to help restore power.

"Helene has the potential to cause significant damage, and we are doing everything possible to prepare for a safe restoration," said Archie Collins, TECO president and chief executive officer, in a news release. "The safety of our customers and employees is our No. 1 priority, and I encourage our customers to prepare for extended power outages. Please stay safe."

Around 6 p.m., TECO sent out a message on the Nextdoor app about street and area lights on during the day.

"This is an intentional measure to help our crews identify outages and restore power faster. Please do not report these. Thank you for your support and patience while we weather the storm together."

### **The water main to Anna Maria Island, Holmes Beach, Bradenton Beach, and the Town of Longboat Key will be shut off Wednesday at 6 p.m.**

This precautionary measure is being implemented due to the anticipated high winds and potential storm surge, which could threaten the integrity of the water infrastructure, according to Manatee County.

As of the 2020 United States census, there were 7,505 people, 3,939 households, and 2,696 families residing in the town (of Longboat).[28] (Wikipedia)

### **HELENE OVERNIGHT: Roof rescues, stalled vehicles and multiple emergencies in Hillsborough County**

By Jason Lanning

Hillsborough County

PUBLISHED 5:58 AM ET Sep. 27, 2024

HILLSBOROUGH COUNTY, Fla. — Widespread flooding overnight from Helene prompting several emergencies across the county.

According to Danny Alvarez with Hillsborough County Fire Rescue, officials received 300-plus storm related emergency calls.

Alvarez said there were at least a dozen storm-related overnight fires and dozens of calls for water rescues. He said anywhere from 50 to 100 people were impacted.

There were also multiple instances of down power lines throughout the county.

The flooding situations, estimated at 4 to 7 feet of water, stretched from Apollo Beach and Riverview to downtown and Davis Islands and over to the Town 'n Country and Oldsmar areas.

Two families were lucked from their roofs after water rose inside their homes, Alvarez said.

*Emergency crews responded to Racetrack Road to rescue a **teen girl** from a car after she tried to **drive** through **floodwaters**.*

Also, rescues took place downtown where Tampa police had to help people off Davis Islands and onto buses that took them to safety. Davis Islands remains closed but Tampa General Hospital is open.

Alvarez noted the majority of the calls for help came from Zone A areas (near the coast).

87 rescues sez mayor Jane.

"It was a busy night," said Tampa Mayor Jane Castor, who said at least 47 people and eight dogs were rescued by boats. "A lot of people did not heed the warning."

It has been determined that Google has illegally used a system of only revealing and displaying bad stories about Donald J. Trump, some made up for this purpose while, at the same time, only revealing good stories about Comrade Kamala Harris. This is an ILLEGAL ACTIVITY, and hopefully the Justice Department will criminally prosecute them for this blatant Interference of Elections.
